On The Move

This school year has been memorable — on our campus and on the national level. Hard work, fun, disappointment and excitement have made this year eventful. The activities in classrooms, labs, dorms, Greek houses and on campus have kept everyone "on the move." New additions to the campus — both physical and also in physical help to keep Millikin constantly moving with the times.

The Millidek is an expression of Millikin University, its people, and its activities . . .
ON THE MOVE.

Above and below: Homecoming events kept everyone "on the move" this year.

On The Move

Millikin is on the move all year long. The school year begins moving along for most students upon their arrival on campus. Cars are packed tightly and many trips are made from cars to students' rooms. Once settled in at "home", there is the hustle and bustle of registering, validating, and searching for new (and not so new) books.

Millikin is also on the move all day long. Morning classes begin the classroom day at 8 a.m. and by 9 a.m. the halls of L.A. are alive with letterman jackets, preppy penny loafers, bright posters, and bake sales. Every student is "on the move," whether strolling along with friends or rushing to get to class on time. For the early riser breakfast can be found in the cafeteria or greek houses. For the late riser and the student with only a few minutes between classes, vending machines provide quick energy. Afternoon activities in the "Sub" are especially high during the daily episodes of "All My Children/Kids" and "General Hospital." The hustle and bustle at M.U. continues all through the day.

Evening hours are just as alive as daytime ones. Evening classes are in session, the Staley Library houses individuals studying, and weekly meetings go on through the night. Social functions also highlight evenings.

The weekend brings with it two treasured days which may be spent in academic or non-academic activities. One may choose a traditional Friday night UCB movie, an all-school dance, an athletic event, or possibly a quick trip home for the weekend. Day or night, weekday or weekend, Millikin is always "on the move."

On The Move

Activities

The word "activities" is defined as a specific deed, action, function, or sphere of action. Here at Millikin, this word also encompasses the school year's spectrum of events, starting with the excitement of Homecoming and friendships renewed, continued, and strengthened. Although they seem to take forever to arrive and are over quickly, these special times or events break up the monotony that may build up during the year. Those activities which we choose to become involved in add that special "something" to our years at M.U. and keep us busy and "on the move."

On The Move

Homecoming 83

Under the Big Top

All of the excitement on the move during Homecoming 83. The theme "Under the Big Top" was without doubt the week's activities that began Sunday, October 30. Homecoming events included games, pep rally and fireworks, talent show, parade float, spirit days, pep assembly and concert, and the victorious boys' and girls' Carroll College Overall winners of the week — determined by their performance in games — talent show, house dets, spirit sign and cheer — were North Platte and Appleton. Dan Clark and Carol Bartlett earned as king and queen for the week. They were edged by popular vote with members of the band, academics and activity involvement. The Homecoming Dance was held at the Holiday Inn with music provided by the band. Wave Again! Homecoming activities were drawn to a close with a Sunday morning worship service at Westminster Presbyterian Church at which the Homecoming Group sang. This year's cochairpersons were Janice Brady and Greg Deppes.

Freshman Camp '83

As part of the University orientation program, all freshman are encouraged to attend this pre-school overnight session at nearby Allerton Park.

This lovely setting provides a relaxing atmosphere where freshmen, selected upperclassmen, faculty and administrators can get acquainted and informally discuss life at Millikin.

The agenda also includes meeting the University president, talking with faculty advisors, meeting chairmen of the academic departments as well as sports, dancing, and singing.

Becky Hewitt and Dean Houston present their skit to the freshmen.

Holly Spencer does her part in the skit.

The nightmare of all freshmen at freshman camp is trying to find their belongings.

RHA Week

RHA Week is an annual week-long event that is sponsored by the Resident Hall Association. This year's events included: Air Bands, floor volleyball and basketball tournaments, the Roommate Game, and a Risky Business Dance featuring DJs from WJMU. Turnout and participation for this year's events was excellent. The winners of the Air Bands contest was Hessler Lower First performing "Mental Health" by Quiet Riot. The basketball tournament was won by Mills Two West and the woman of Walker Two were winners of the volleyball tournament. This year's RHA Week coordinator was Brian Etter.

Greek Week

Each year the Greeks on campus join together for a week of competition and festivities known as Greek Week. The overall purpose of Greek Week is to promote Greek unity. Monday, April 6, marked the beginning of Greek Week 1984. The week's events included: an all-Greek dance at the Forum, a car wash, the annual talent show, and the annual Greek Games. All proceeds from the dance and car wash were donated to the March of Dimes. The week came to a close at the awards banquet on Saturday. Overall winners of the week were Alpha Chi Omega and Tau Kappa Epsilon. Greek Goddess was Michelle Twitchell of Pi Beta Phi and Greek God was Don Meier of Kappa Sigma. Chairpersons for the week's events were Rhonda Bacci and Jeff Arp.

On The Move Classes

Each student at Millikin is "on the move" at his/her own pace. Each of us is clearly an individual with our own likes, dislikes, habits and hobbies. Although each is his/her own person, we all make up the student body of Millikin — the one commonality between us all. Our uniqueness blends together into one integrated yet varied group who have come to Millikin to better ourselves as individuals and to make our life count.

On The Move

Organizations

One dominant phase of a student's college life is extra-curricular activities. Organizations provide excitement and enjoyment for those involved. They draw students to their projects and activities both during and after school hours. Often these activities help expose students to situations that may be similar to ones they will encounter after graduation. Organizational involvement is one aspect of college that keeps students "on the move."

American Society for Personnel Administration

The James Millikin Chapter contributes to the development and maintenance of professional standards and competence of students planning to enter human resource management careers.

On The Move Sports

Fighting for the Big Blue, spectators and players are "on the move" showing their school spirit. Our athletes work hard and spend long hours in practice to gain excellence and bring pride to the school and its students. Recently additional women's athletic teams have been added showing that not only men but also women strive to represent their school to their best ability. At Millikin as well as other universities, athletics along with academics aid in bringing national recognition to the school. Through team effort and competition the final goal of sportsmanship is achieved.

Millikin Softball

Millikin, in its second season of intercollegiate softball competition, finished with a 14-11 record. A doubleheader sweep of Illinois Wesleyan and first place in the Millikin tournament were highlights of a season that included a more difficult schedule than the previous season.

Freshman Teri Ashley boosted the pitching, leading the team with a 4-0 record and a 1.84 ERA. Dee Shively was 7-6 and had a 2.25 ERA, and Suzy Menz was 3-5 with a 4.99 ERA.

Tonda Logue won the best bat award with a .319 batting average; Michelle Mariage the best glove award; and Lori Kerans was named MVP. Kerans and Jodi Foster were 1984 softball co-captains.

Coach Don Luy has a lot to look forward to for next season, because he returns Malo, and a couple of freshman, the Hardy-Wauchope twins, who Luy says have really been a pleasant surprise for the team.

Baby Blues

The Baby Blues, in their third season, performed with the marching band at pregame and half time of the football games. Millikin Football 1983

The 1983 Millikin Football Team ended up with a 4-5 overall record, and a 4-4 record in the College Conference of Illinois and Wisconsin. Although this team finished with a losing record, it did have some impressive statistics. Quarterback Ed Walker finished fifth in the nation in passing efficiency, with a 59.3 percent accuracy mark. Senior Mark Knowles was eleventh in the nation in receiving, and Jeff Fishel was seventeenth in the nation in rushing. As a team Millikin finished thirteenth in the nation in scoring and twenty-sixth in total offense. There is no doubt that Millikin did play some tough competition though, because six of the nine teams they played were among the nation's leaders in total offense.

On The Move

Student Life

The life of a Millikin student is one of constant movement and activity. Resident hall, house, or campus events keep our days alive with enjoyment and excitement. A student's life encompasses studying, laughing, working, dancing, sad times, and fun times. Living in an environment in which we are surrounded by our peers and special friends makes home seem not so far away. Fads of the time influence our dress, activities, speech and music. Some popular fads of the year include: torn sweatshirts, "Where's the beef?", checkered shoes, Care Bears, bandanas, Sony Walkmans, Cabbage Patch dolls, and friendship pins.

On The Move

Fine Arts

Fine arts programs bring culture and entertainment to Millikin University. Productions from outside the university expose the Millikin community to a taste of the variety of talent that exists in our world. Student productions bring enrichment and experience to those involved as they are kept "on the move." These students share their gifts of talent with both enthusiasm and pride. Devotion and determination is displayed in these students as they practice long hours to reach the goal of a successful performance.

Convocations Series 1983-1984

The Convocation Series is chosen annually by a committee of Millikin students and faculty. As a whole, the program attempts to provide the Millikin community with an interesting and diversified schedule of entertainment. Past seasons have included individual performers, popular speakers, and events of theatrical importance. Convocations programs remain ever-popular with Millikin students by reason of variety and financial accessibility — the series is funded by student fees.

Chicago Symphony Orchestra

The Chicago Symphony Orchestra returns to Kirkland to open the 1983-84 Concert Series. Of all that has been written about this great orchestra, perhaps the Washington Post sums it up best by calling the Chicago Symphony "one of the wonders of the world." Guest conductor for the Kirkland concert will be Garcia Navarro. Navarro is currently the music director at the National Opera Theater San Carlos in Lisbon, Portugal and first led the Chicago Symphony in 1980.

Joseph and the Amazing Technicolor Dreamcoat

Written by the creators of *Evita* and *Jesus Christ Superstar*, *Joseph and the Amazing Technicolor Dreamcoat* is great fun for the entire family. It's an exhilarating and exciting musical that tells the Biblical story of Joseph, favorite son of Jacob and interpreter of Pharaoh's dreams. Follow the adventures of Joseph along the Nile River and the pyramids and palaces of exotic ancient Egypt.

Madame Butterfly

All the vivid color and excitement of professional opera comes to Kirkland with one of the most popular operas of all time produced by one of America's finest opera touring companies. Western Opera Theater is the touring arm of the highly acclaimed San Francisco Opera. Their enchanting production of Puccini's bittersweet love story of a Japanese girl and an American naval officer was performed in English with orchestra.

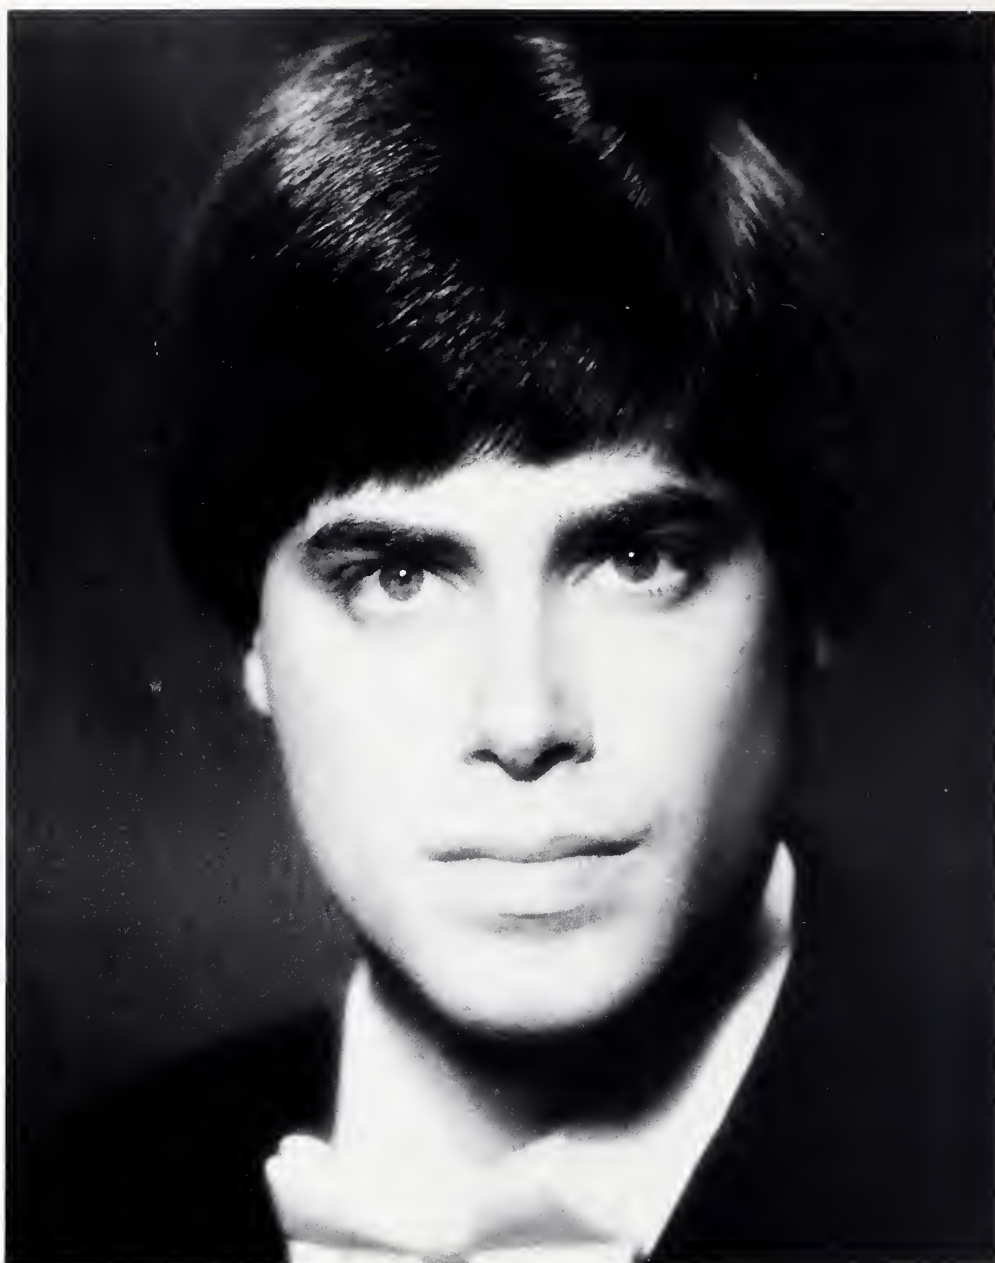

Pump Boys and Dinettes

On Highway 57, somewhere between Frog Level and Smyrna stands a gas station. Across the blacktop is a roadside eatery called the "Double Cup Diner." This is the setting for Pump Boys and Dinettes, the Broadway hit musical tribute to life by the roadside. This high-octane musical features a mixture of country music, bluegrass, gospel, ballads and blues with songs such as the Best Man and the Night Dolly Parton was Almost Mine.

Michael Gurt

Michael Gurt, first prize winner of the prestigious 1982 Gina Bachauer International Piano Competition, has been cited by critics for his thrilling performances and musical sensitivity. The New York Times gave this glowing review of his recent Lincoln Center debut: "Michael Gurt is a superb technician. Throughout the evening there was never a note out of place, never a blurred or awkward phrase, and Mr. Gurt displayed an almost superhuman command of the keyboard."

Juilliard String Quartet

Founded in 1946, the Juilliard has become the yardstick against which all other chamber music ensembles are measured. The quartet has a unique quality that sets it apart — a fresh sense of discovery always present in its playing. The New York Times claims that "better quartet playing cannot be found today."

Julian Bream, guitar and lute

One of the most distinctive and sought-after artists of our time, superb English guitarist and lutenist Julian Bream has won a wide and enthusiastic following around the world. He is undoubtedly the finest lutenist of our time and is responsible for discovering much music for the lute which laid dormant for 300 years. On the other hand, he has done much to broaden the contemporary guitar repertoire.

Manhattan Transfer

The Manhattan Transfer is four singers who truly love the music they perform. During the past three years, Manhattan Transfer has won six Grammy Awards for its innovative work with both jazz and pop music. In fact, it is the only group ever to win Grammys in both the pop and jazz categories in the same year.

Hubbard Street Dance Company

The Hubbard Street Dance Company combines exciting dancing, creative choreography, ballet, jazz and show dance, delightful costumes, and stunning scene design all in one fun-filled performance. According to DANCE MAGAZINE, Hubbard Street "brings to life a vital chapter in American dance — and does it with class."

Pirates of Penzance

Joseph Papp's Broadway hit revival of one of Gilbert and Sullivan's most popular works appeared at Kirkland in mid-September. Swashbuckling pirates, damsels in distress, and young lovers entertained the audience for the evening. This production won three Tony Awards in 1981 including Best Musical. NEWSWEEK called "Pirates" "one of the most joyously creative productions in all musical theater."

The Importance of Being Earnest

The celebrated Guthrie Theater made its first appearance at Kirkland in March. This leading repertory theater won a Tony Award in 1982 for twenty years of artistic excellence. Oscar Wilde's witty satire of Victorian society "The Importance of Being Earnest" makes use of comic deceptions and mistaken identities.
